About the Speakers:

Nathan Manczarek, CMQ/OE, Director of Quality, Inovio
Nathan has over 21 years of passionate, highly caffeinated experience in Quality Assurance, Quality Control and Engineering, LEAN Manufacturing, Product Data Management and Clinical Development. This has allowed him to develop a unique perspective on Medical Device/Pharmaceutical Operations and Compliance. A gift of gab and a strong sense of humor have been invaluable on this journey. Nathan has a well-proven track record of developing scalable and sustainable Quality Management Systems from scratch.

Kent Porter, CEO of Porter Leadership Development and Author of “Fix Frustrations at Work”
Kent Porter is an Executive Business Coach and Author of “Fix Frustrations at Work”. After conducting more than 100 interview, Kent found frustrations are so commonplace at work they are tolerated, but they’re a silent killer to productivity. His book is 32 short stories taking six minutes each to read. It is a pick up, put down reference guide on leadership, how to treat people and build relationships. There are two keys to addressing frustration in individuals and organizations. The first is telling the truth in a way it can be heard. The second key is to know how to give and receive feedback, so you and others can be more effective.

About Inovio

Inovio is bringing IMMUNO-INGENUITY™ to life and is reshaping the future of treating and preventing cancer and infectious diseases.

Inovio's technology platform is capable of activating antigen-specific immune responses. Aptly named ASPIRE™ (Antigen SPecific Immune REsponses), this unique technology is primed to change the way cancer and infectious disease are treated. With demonstrated efficacy in a Phase 2b trial, robust and targeted immune responses, a favorable safety profile, and a robust pipeline of product candidates across multiple disease states, the evidence to date is clear—ASPIRE is realizing the true promise of immunotherapy.

IMMUNO-INGENUITY is…
- The drive to develop novel immunotherapies to fight cancer and infectious disease
- Challenging ourselves to activate the immune system in revolutionary ways
- A passion for engineering efficacy-enabling delivery methods
- Expanding the benefits of immunotherapy to more patients and more healthcare practices

ASPIRE is achieving what no other approach has before: utilizing DNA and next-generation antigen sequencing and delivery to activate the immune system. ASPIRE functions exclusively in vivo, generating an antigen-specific immune response against targeted diseases in clinical trials to date. The science is at once, unprecedented and practical. It is the realization of the power of immunotherapy, exclusively in the hands of the physician and through the patient's own immune system.

Today, Inovio stands poised to offer the benefits of this transformative technology to patients and healthcare practices in critical need. ASPIRE has the potential to be a foundational approach in oncology, where other immunotherapies and targeted agents can be layered in as needed. In infectious diseases, ASPIRE represents a new hope for rapid vaccine development for preventive efforts, as well as new treatment modalities where cures remain elusive.

The technology is here, the team is in place. Now is the time for activation immunotherapy. Now is the time for Inovio—where immuno-ingenuity is making the difference.
ISPE San Diego Chapter

Registration Instructions
Inovio Pharmaceuticals Tour and Program Without People, There is No Product
Thursday, August 23, 2018

To Register and Receive an immediate receipt, use our on-line registration: [http://atdevents.net/register.php](http://atdevents.net/register.php)

ISPE LA, SD, SF Members: If you are an ISPE Member in California, please do not set up a new account, you should already be in our system. Please email Rob Fleming for assistance with your username and/or password.

ISPE Members of other Chapters: You will not be in our system unless you have previously set up an account. Please follow instructions for Non Members below. To update your account to a Member account, please forward your confirmation email from ISPE or ISPE Membership Card to Rob Fleming. We need your Chapter name, your ISPE Member number and expiration date. You can get your Membership card once logged onto the ISPE website (see bottom left side of the screen).

Non Members: If you do not have an account on our system, you can set one up on the site using letters (not numbers) as your username.

**Students:** The Student Rate is for individuals who are enrolled full time in a related academic program at an accredited institution. The Student Rate does not apply to working professionals taking one or two courses on the side. To verify your status as a student, we may ask you to supply your student ID and copy of current class schedule. Final eligibility determined by ISPE SD.

Registrations can also be faxed. Complete the form and fax to 949-266-8461.

If paying by check, please mail your check made payable to:
ISPE SAN DIEGO CHAPTER, 5319 University Dr., Suite 641, Irvine, CA 92612 • 949-387-9046
ISPE San Diego Chapter Tax ID#33-0551783

Registration Fees Include: Facility Tour, Appetizers and Happy Hour drinks.
