As 2016 comes to close, many of us gathered at our annual Holiday Social hosted by SABArchitects. A special thanks to Bob Vizenor for hosting this event again this year and providing some very tasty treats and killer Old Fashions! I would like to say thanks to all my fellow board members for contributing their time and talent to the PNW ISPE Chapter. Without our many volunteers the PNW ISPE Chapter would not exist. And last but not least, thanks to Melissa Schwab, our chapter manager, who keeps all of us in line.

As we start planning for 2017, I would like us to focus on improving the programs and offerings for our members. Our goal will not only be to provide good networking opportunities but also focus on program content which members will find interesting and useful. We will be soliciting guest speakers for several of our events in 2017 and as always welcome any new ideas from our members. Of course we will again host our annual Golf Tournament and various “brewery” type events which are always a big hit with all of us.

Please feel free to send any comments or suggestions on what you’d like to see from our chapter or how we can improve to ispepnw@aminc.org. We are also looking for volunteers – anyone interested in helping to plan events, promote our chapter, learn more about ISPE and all of the things it has to offer, or just get involved at a higher level to support your own professional development. Thanks for your support and I hope to see each of you at a PNW ISPE event in the near future!
Concept to Operation: Performance and Reliability

SERVICES INCLUDE:

- Commissioning & Validation
- Quality Systems & Compliance
- Process & Technology
- Maintenance & Reliability
- Sustainability

Nathan Temple, +1 707 372 6099
