Celebrating International Women's Day
ISPE Women in Pharma®
Championing inclusion and equity

“ISPE Women in Pharma is a group of passionate people working diligently to drive progress towards gender parity, assist with the growth and education of ISPE’s membership, and sponsor programs to assist women in various roles in the pharmaceutical industry. We target sponsorship and mentoring programs connecting leaders with rising talent, and with networks and forums to support our members to achieve overall potential.”

—John Bournas, ISPE President and CEO

The opportunities for women in pharmaceuticals and engineering are vast, but the percentage of women in these workforces is woefully low.

- Today, only 28% of the engineers in research and development are women, and they hold Board seats on only 17% of the top 50 pharmaceutical companies. Ethnically diverse Directors hold just 8% of those seats. (McKinsey & Company)

- “In the United States and other mature economies, women comprise 22 percent or less of tech roles. This is an opportunity where leaders can do better, creating more pathways for women to enter and remain in STEM fields.” (Mekala Krishnan, McKinsey Global Institute, June 2019)

- Enabling women to meet their full potential in work could add as much as $28 trillion to annual GDP in 2025 (McKinsey Global Institute, Sept 2015)

Mission Statement
ISPE Women in Pharma® (WIP) provides women in the pharmaceutical industry a forum for connecting and collaborating on technical and career advancement topics. WIP’s inclusive community leverages a network of mentors, role models, and resources across all levels to foster balanced professional success.

ISPE Women in Pharma—Celebrating Accomplishments!

Established in 2017, ISPE WIP is growing at a dramatic pace due to the passion and enthusiasm of industry members who recognize the importance of providing the pharmaceutical industry a forum for connecting and collaborating on technical and career advancement topics. From networking dinners focused on current and topical discussions, to panel and conference sessions, to Mentor Circles for students and people at all stages in their careers, WIP is dedicated to supporting the pharmaceutical industry—and the people at the heart of it—around the world.

ISPE Foundation: Empowering Women, Fostering Inclusion, and Building the Workforce of the Future

The ISPE Foundation is working to create greater equity, opportunity, and corporate success for under-represented groups in the pharmaceutical industry by supporting WIP in providing professional training and education to foster mentorship and encourage networking to drive successful career progression.

What We Do and How You Can Help!

We promote an inclusive culture, provide mentors, sponsor students and young professionals, host webinars, hold educational and networking events, offer tools to assist with planning these events, and encourage and celebrate success. Help us promote our culture by volunteering as a mentor, writing a blog, or recording a vlog, and join us in celebrating and showcasing the success of ISPE WIP. To volunteer please email wip@ispe.org. And please consider a donation to the ISPE Foundation to help raise funds to assist WIP in accomplishing its efforts and initiatives. ISPE.org/Foundation.

“Take the time to focus on yourself and your career. If you aren’t interested, nobody else will be, either.”

—Christa Myers, ISPE WIP 2019 Steering Committee Chair and Jennifer Lauria Clark, CPIP, ISPE WIP 2019 Steering Committee Co-Chair and 2020 Steering Committee Chair
